

A Cup of Tea

**When your day seems topsy-turvy
And as stormy as can be
There's nothing quite as tranquil
As a nice hot cup of tea..**

**While you savor this ambrosia
Your problems fade away,
Its warmth will bring you comfort
And brighten up your day**

**So take a private moment
There's a calmness as you'll see,
All because you briefly stopped
To sip a cup of tea.**
